## Filing your insurance claim

Here are a few tips for filing with your insurance provider:

Most providers will ask for the following information:

- Your diagnosis: Ask me for the code number.
- The CPT code: this will be 90837 for all 50 minute sessions unless we have an additional session (if we meet for 2 sessions in a row or twice in one week) in which case the code for the second session is 90838.
- The type of service: Outpatient. Code is 11
- The place of service: Office. Code is 01
- Dates of service.
- My name, license, address, and E.I.N. (employment identification number. This is a federal tax I.D.) and/or N.P.I. (National Provider Identification) Here are my vitals:

Make certain reimbursement is sent to YOU, not to me, since you already have paid for our sessions.

Each provider has their own quirks. If there is other information you need from me, please let me know during our session and I'll be happy to provide it then.
